

# SATHIYA PRIYAN K

Junior Full Stack Developer (Frontend)

📞 +91 8148697704

✉️ sathicse5@gmail.com

## SUMMARY

A results-driven professional with over **5+ years** of total experience, including **2.7 years** of frontend development experience using React.js, Tailwind CSS, and Material UI. Additionally, brings **2.7 years** of experience in the e-publishing industry (Dec 2018 – Sep 2021). Currently working as a Frontend Developer (Oct 2022 – Jun 2025) in a full-stack environment, specializing in building clean, responsive, and performance-optimized web applications. Recognized for effective collaboration with backend teams, a keen eye for modern UI practices, component-based architecture, and delivering seamless user interfaces across devices.

## EDUCATION

**2012 - 2016 Sengunthar Engineering College**

B.E. Computer Science & Engineering

## SKILLS

- Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap 5, Tailwind CSS, Material UI.
- State Management:** useState, useEffect, useSelector.
- Version Control & Deployment:** Git, GitLab, GitHub
- Others:** SEO Optimization, Responsive Web Design, UI Animations (AOS), EJS.

## Soft Skills

- Team Collaboration & Communication:** Worked with cross-functional teams on daily reports, participated in discussions, and provided updates to the team leader.
- Ownership & Responsibility:** Maintained structured Excel reports for task tracking and ensured reporting accuracy.
- Problem-Solving:** Supported testing and debugging of modules, identifying bugs independently or with team leader collaboration.
- Quality Focused:** Experience in e-publishing with roles in content writing, layout design, and quality checking for error-free deliverables.
- Detail-Oriented:** Ensured accuracy in reporting and documentation with clear data formats.
- Adaptability:** Open to taking on extra responsibilities, such as test verification and UI reviews.
- Initiative-Driven:** Proactively addressed UI bugs in React components during testing.

## WORK EXPERIENCE

**Infinityhub - Jr Full Stack developer(Frontend)**

Digital Marketing Agency, Erode

**Oct 2022 - Jun 2025**

- Develop and maintain responsive web applications using HTML, CSS, Tailwind CSS, JavaScript, and React.js.
- Utilize basic Redux concepts and implement dynamic UI components with map functions, enhancing user interactivity and experience.

**Diacritech Pvt Ltd - Paginator**

Multimedia E-Publishing Company, Chennai

**Dec 2018 - Sept 2021**

- Proofread and formatted digital content using MS Word and company-specific tools like XeditPro.
- Designed and reviewed pages, ensuring high-quality standards and compliance with editorial guidelines.

## PROJECTS

**Infinityhub - Company Website**

- Customized a premium **ThemeForest** template to match the company's branding and UX goals, ensuring full responsiveness across all devices.
- Customized** pixel-perfect UI layouts using **custom CSS** to ensure consistency across browsers and screen sizes.
- Implemented **SEO strategies** to improve **search engine ranking** and **visibility**.
- Optimized website performance by cleaning unused code, improving loading speed, and implementing **SEO best practices**.
- Integrated **AOS (Animate on Scroll)** for enhanced UI animation and visual appeal.
- Contributed to the site's successful transition to a **.org domain**, increasing brand credibility and trust.

**eCommerce Project – Parakeet (BosComics)**

- Managed product listings, pricing, and content updates independently via the **WooCommerce admin panel**.
- Added product images, descriptions, and SEO-friendly content to improve **user engagement** and **search visibility**.

**Raseed - Billing App**

- Transformed a static website into a dynamic **React.js** billing application for improved interactivity and scalability.
- Designed custom invoice templates' **UI** from scratch, ensuring a clean layout and consistent styling.
- Collaborated with the backend team to implement invoice functionality using **EJS (Embedded JavaScript Templates)**.
- Designed UI using **Material UI (MUI)** and **Tailwind CSS** to ensure a clean and responsive layout.
- Implemented **REST API** integrations for efficient frontend-backend communication.
- Built reusable and modular **React** components to enhance maintainability and scalability of the application.
- Improved application performance using React features like **code-splitting**, **lazy loading**, and **component-level optimization**.
